# SAFETY

Imagine darts on a much bigger scale. You only have one thrower at a time and in one direction so there is little that could go wrong.

We have implemented a number of safety measures and protocols to prevent any unforeseen injuries from occurring. This includes self-contained axe throwing lanes and a no drinking prior and whilst throwing policy.

Your safety is our top priority. Our expert coaches are trained to make you feel comfortable every step of the way.

You will be required to undertake a quick safety induction and training before beginning any throwing and the coach will be with your group the entire time guiding you through the tournament.
